

DATA SHEET – 24-7 SMARTRACE GROWING CATTLE ORAL BOLUSES

Presentation

A 130 g bolus containing the following trace elements:

Active constituents	per 130 g bolus
Iodine (as calcium iodate)	3363 mg
Cobalt (as basic cobalt (II) carbonate)	394 mg
Selenium (as sodium selenate)	179 mg
Also contains	
Zinc (Zinc metal powder)	107843 mg

Uses

Intraruminal bolus to supplement the trace elements iodine, cobalt and selenium for production and/or breeding in growing cattle between 200-400 kg liveweight for up to 6 months.

24-7 SMARTRACE GROWING CATTLE ORAL BOLUSES lie in the ruminoreticulum, the wrapper on the bolus dissolves and the bolus splits into two parts. These erode and dissolve, thus providing a supply of trace elements to the animal for up to 6 months, with the greatest release over the first 4 months following administration.

Contraindications

SHOULD NOT BE ADMINISTERED TO CATTLE LESS THAN 5 MONTHS OF AGE.

This product is contraindicated for use unless cobalt deficiency is confirmed.

This product is contraindicated for use when selenium intake from pasture is high or selenium is provided by other means (such as top dressing, vaccine, pellets or selenium drenches), if blood selenium levels at treatment are high. Users can determine selenium status by consulting their veterinarian.

DO NOT administer additional iodine, cobalt or selenium for at least 6 months following treatment, unless under veterinary advice.

Precautions

Minerals such as copper, cobalt, selenium, iron, manganese and molybdenum compete with each other for metabolically important processes in the animal. Users should seek veterinary advice before treatment.

Dosage and Administration

Administer orally using only an approved Agrimin bolus applicator.

Dosage:

One (1) bolus should be administered per animal weighing between 200-400 kg.

24-7 SMARTRACE GROWING CATTLE ORAL BOLUSES provide iodine, cobalt and selenium for up to 6 months.

WITHHOLDING PERIODS

MEAT: Zero (0) days.

MILK: Zero (0) days.

TRADE ADVICE

Export Slaughter Interval (ESI)

Zero (0) days.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre.

Phone Australia 13 11 26. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

DISPOSAL

Dispose of container by wrapping with paper and putting in garbage.

STORAGE

KEEP OUT OF REACH OF CHILDREN

Store below 25 °C (Air Conditioning) in original container. Protect from light.

APVMA No.: 88475/121399

Package Quantities

24-7 SMARTRACE GROWING CATTLE ORAL BOLUSES are packed in units of 10 (10 Doses)
